Headings

Headings from `h1` through `h6` are constructed with a `#` for each level:

```
# H1
## H2
### H3
#### H4
##### H5
###### H6
```

Headings

Headings from `h1` through `h6` are constructed with a `#` for each level:

```
# H1
## H2
### H3
#### H4
##### H5
###### H6
```

Download

Windows

You can download the lastest `MarkNote_%version%_x64-setup.exe` or `MarkNote_%version%_x64-en-US.msi` from the [release page](#)

MacOS

You can download the lastest `MarkNote_%version%_x64.dmg` from the [release page](#)

Linux

You can download the lastest Mar `kNote_%version%_x64.AppImage` from the [release page](#)

Development

## Environment

1. `Node 18+`

2. `Rust 1.7+`

```
git clone https://github.com/cedar12/marknote.git

cd marknote
yarn
yarn tauri dev
```
